HIGHLIGHTS

Students, faculty, staff and others utilize Emory’s bike lanes, bike parking and other resources to get around campus safely and on time.

By 2025, we will develop a bicycle and pedestrian master plan to include dedicated bike and pedestrian lanes and trails and bike amenities.

BENEFITS

- Biking reduces traffic and air pollution, and it encourages strong fitness habits.
- Emory’s bicycle commuter program provides incentives for those who choose to cycle instead of driving to work. Once cyclists register they receive an Occasional Parking Permit, which will allow them to park on campus in the event of inclement weather.

76%
of students commute using a more sustainable mode

30%
decrease in GHG emissions from a 2005 baseline

25.7%
decrease in GHG emissions from faculty & staff commuting from a 2005 baseline

LEARN MORE

Emory Bike Social and Emory Spokes Council are student groups dedicated to supporting and advocating sustainable bicycle community at Emory. They collaborate to run the Fixie, a free bike repair shop on campus, and organize a variety of social rides and educational events about cycling in Atlanta.
