

HIGHLIGHTS

Whether a casual staff gathering or our annual Commencement, Emory is committed to hosting events responsibly to align with our ambitious goals of reducing waste, conserving water and sourcing food sustainably.

All University events will be Zero Landfill Waste by 2025.

All University functions will be plastic bottle free by 2025.

BENEFITS

Campus events are one of the most visible ways we can demonstrate our commitment to sustainability to the broader community. Participating in the Sustainable Events Certification program provides access to guidance on sustainable event planning, recognition for your efforts, and an opportunity to win a \$100 Emory Catering gift card each year! Congratulations to the 2023 Sustainable Events raffle winners!

- **Ella Pollard**, Doctor of Physical Therapy Program
- **Tammy Camfield**, Oxford College Advancement and Alumni Engagement

HOW IT WORKS

- **Emory's Sustainable Events Certification** helps event planners and organizers create events that support Emory's sustainability vision by reducing environmental and social impacts. The Sustainable Events Certification is **temporarily on hold**, but please stay tuned for when we relaunch.
- **Emory Catering**, the choice vendor for event and meeting catering on campus, complies with Sustainable Event Zero Landfill Waste certification requirements by supplying and utilizing catering materials that can all be composted or recycled in Emory's waste streams.
- **America to Go** is a collection of Emory's preferred caterers. These caterers that comply with Emory's zero landfill waste requirements are labeled with an icon so that event planners can make informed choices. Using America to Go caterers also ensures that Emory's health code and fair wage requirements are met.

Each year OSI hosts a Sustainable Events Symposium in partnership with University Events, Michael C. Carlos Museum, Emory Catering, and America to Go. The symposium in 2020 attracted approx. 50 attendees who browsed catering samples from Emory Catering, Zoe's Kitchen, Affairs to Remember, and Panera Bread.

Dr. Sharon Bergquist was the keynote speaker, presenting on Food as Medicine: The Power of Plant-Based Nutrition. Dr. Bergquist is a Rollins Senior Distinguished Clinician and an Associate Professor of Medicine in the Division of General Medicine at Emory University School of Medicine. She serves as Medical Director of Emory's Executive Health program and leads the research program at the Paul W. Seavey Comprehensive Internal Medicine Clinic. She also founded and directs Emory Lifestyle Medicine and Wellness, which promotes a self-healing mind-body approach to medicine.

Please view [Dr. Bergquist's slides](#) to learn about how plant-forward diets are better both for human health and for the planet!

Thanks to all who attended this year. We hope to see you next year!

The poster features a green background with a decorative border of stylized plant leaves and flowers. At the top, the Emory Sustainability Initiatives logo is displayed next to the word "PRESENTS". The main title "SUSTAINABLE EVENTS SYMPOSIUM" is written in large, white, serif capital letters. Below the title, the text "FACULTY, STAFF, AND STUDENT EVENT PLANNERS! COME SAMPLE SUSTAINABLE CATERING AND LEARN ABOUT SUSTAINABILITY / WELLNESS WITH EMORY'S DR. SHARON BERGQUIST" is centered. A horizontal line separates this text from the event details. The event details, including the date "FEBRUARY 27, 2020", time "11 AM - 12:30 PM", and location "ACKERMAN HALL, MICHAEL C. CARLOS MUSEUM, LEVEL 3", are listed in white, serif capital letters. At the bottom, the RSVP information "RSVP appreciated to emorysustainability@emory.edu" is provided. The bottom of the poster features a row of logos for Emory University, Michael C. Carlos Museum, Office of University Events, America to Go, Bon Appétit Management Company, and Emory Catering.

**note that the sustainable event certification will be temporarily on hold until further notice

Certify your next event! To get started:

1. Fill out the [Sustainable Events Online Form](#) through OSI Online Forms to certify your event as either Zero Landfill Waste level or GOLD level.
2. Need help? The checklist has pop-out guidance that provides more information on how and why to execute sustainable event actions.

3. Implement the actions and enjoy your event!

For expert tips on planning sustainable events with plant-based catering, [view OSI's slides from the 2020 Sustainable Events Symposium](#). Checkout [this video](#) made by OSI interns to promote the sustainable events program.
