Position: General Sustainability Intern  
Available to: FWS and non-FWS students; REAL students; Graduate students (Multiple Positions)  
Term: Fall 2016

Position Description:
Emory’s Office of Sustainability Initiatives (OSI) is seeking qualified students to participate in our student internship program. OSI relies heavily on the work of students for research, data collection, benchmarking, implementation, and outreach in all areas of sustainability. Based on student interests and OSI’s needs, interns work on a variety of projects throughout the semester in the areas of energy, water, sustainable and local food, climate action plans, Green Office, Green Labs, sustainable events, Sustainability Vision implementation, and other sustainability initiatives. The intern can expect to support other OSI activities, such as tabling at campus events, zero-waste events, and educational presentations to campus groups when appropriate. During the school year, Interns are expected to work between 10 and 15 hours per week if non-FWS, 8 hours each week if FWS students, and around 12 hours if REAL students.

Desired Qualifications:
• Strong written, verbal and analytical skills
• Strong initiative and task-oriented
• Interest in and understanding of principles of sustainability and environmental stewardship
• Comfortable working independently with regular check-ins on activity and progress

Eligibility:
All undergraduate and graduate students enrolled at Emory University may apply. All majors welcome, but those seeking experience in a field related to sustainability are preferred. FWS and non-FWS students are invited to apply. Rollins REAL students are also invited to apply.

To Apply:
Submit your resume, cover letter, and availability (hours/week, start date, and other extracurricular commitments) to Taylor Spicer at tspicer@emory.edu. Application materials are due by noon on Wednesday, August 31. Top applicants will be invited for interviews soon after.

In your cover letter, please:
• Discuss any experiences that have shaped your interest in sustainability
• Indicate the areas of sustainability in which you have interest (e.g. food, energy, water, etc.)
• Explain how the internship will contribute to your academic and professional development
