

SUSTAINABILITY GUIDE 2023

Oxford College

A sustainable community is one in which economic, social, and environmental systems provide a healthy, productive, and meaningful life for - all residents, present and future.

EMORY

EMORY'S SUSTAINABILITY COMMITMENTS

Emory's 2025 Sustainability Vision includes

- 95% of waste diverted from landfills by 2025
- 45% reduction in greenhouse gas emissions by 2035; net zero emissions by 2050

The **Break Free from Plastic Pledge** commits Emory to phasing out unnecessary single use plastic by 2026.

In October 2021, students convinced President Fenves to join the **Race to Zero** & the **Second Nature Climate Leadership Network**.

During the 2022-2023 academic year, the **Emory Climate Action Task Force** facilitated university-wide **Community Conversations**.

WASTE SORTING

BLUE RECYCLE BINS

ALL INORGANIC material (e.g. chip bags, snack wrappers, plastic utensils, plastic film, plastic & metal containers to-go food containers, and all other single-use plastic items).

GREEN COMPOST BINS

ALL ORGANIC material (e.g. food, used napkins & tissues, and labelled "compostables" such as GREEN utensils & paper to-go containers from Emory Dining Locations).

BLACK LANDFILL BINS

Only food grade styrofoam, disposable masks, sanitary wipes, disposable gloves, used baby diapers, cat litter and dog waste.

Disposable masks, wipes, and gloves must be placed in the landfill bins to protect Emory's staff and vendors.

SEPARATE YOUR WASTE - DON'T SORT IN HASTE

Plastic containers and bags with food in them cannot be composted.

STANDARD WASTE STREAMS

HARD-TO-RECYCLE MATERIALS

Oxford provides a collection area for materials that are harder to recycle and cannot be placed in the blue recycle bins. These bins are located on the first floor of the Oxford Student Center, near the loading dock.

For more information, see the [Recycling & Composting at Emory Guide](#).

RESIDENCE HALL WASTE MANAGEMENT

BEFORE YOU MOVE IN

1

OPT FOR ZERO WASTE. Instead of packing paper, plastic wrap, and Styrofoam peanuts, wrap fragile items in your towels and bedding.

2

Communicate with your roommate prior to arriving to campus to **AVOID DUPLICATION OF ITEMS PURCHASED** for your room.

3

Pack in **REUSABLE CRATES, BOXES, and BAGS.** Save them for Move-Out.

4

Consider **BUYING SECOND-HAND**, previously-loved items at bargain prices from local second-hand shops.

MOVE IN DAY

1

EMPTY and FLATTEN cardboard boxes. Save undamaged boxes for move-out.

2

Bring **UNWANTED BOXES and STYROFOAM** to designated areas labeled "Cardboard" and "Styrofoam" outside of your residence hall.

3

Place **ALL OTHER RECYCLABLES** in the dedicated recycling space in your hall. If you need help locating them, ask your RA or SA!

THROUGHOUT THE YEAR

1

Collect recyclables such as plastics, metals, and mixed paper in your room. Bring them to **BLUE RECYCLE BINS** at central waste stations in your hall to sort into the correct waste streams.

2

Collect food scraps and napkins in your room, preferably in a paper bag. Sort them into the **GREEN COMPOST BINS** located in most buildings on campus.

3

Be **CONSCIOUS and INFORMED** about the items you purchase! Only buy what you need and choose **REUSABLE** bags, mugs, bottles, and utensils over single-use plastics.

MOVE OUT DAY

1

DONATE sealed, non-perishable food to donation trucks. **COMPOST** opened, perishable food in the **GREEN COMPOST BINS.**

2

Opt to donate items as part of the **DON'T DUMP IT, DONATE IT** Program. Bins and collection trucks are located all over campus during Move-Out. All donations divert waste from landfills, while benefiting an area nonprofit.

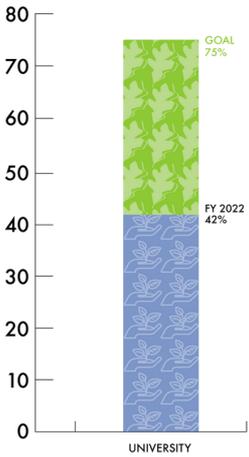

FOOD & DINING

While eating on campus, you have access to nutritious, diverse, and delicious options that keep you full and support local, sustainable food systems.

Sustainable and Local Food Purchases

EMORY & OXFORD DINING SUSTAINABLE FOOD PURCHASES

By 2025, Emory University aims to purchase 75% of its food from local and/or sustainable sources.

Oxford's Organic Farm has about 20 workers and 100 volunteers each academic year. Become a part of the team!

2 OXFORD ORGANIC FARM

At the edge of campus, you will find an 11-acre operational organic farm where you can learn to grow food, take classes, volunteer and work.

3 FOOD RECOVERY VERIFIED

Oxford Dining recovers surplus perishable food and donates it to Covington First United Methodist Church Food Bank.

MAKE SURE TO VISIT

1 OXFORD DINING HALLS

They serve local and sustainable food options that support every dietary preference and need. Learn more about the food choices you can make on campus.

TRANSPORTATION

SUSTAINABLE COMMUTE OPTIONS

1 CLIFF SHUTTLES

Typically, a shuttle runs between Oxford and Druid Hills Campuses. Check the [Oxford Transportation Services website](#) for updates on this shuttle, or email oxford.transportation@emory.edu.

2

WALK

The [Sustainability Map](#) outlines sustainability features on campus to explore on-foot. If accessible, in buildings, opt to take the stairs over the elevator!

3

BIKE OXFORD

Join [Bike Oxford](#) for FREE! Check out a bike at the reception desk of Williams Gym. Bike repairs are serviced by Aztec Cycles.

ACADEMICS

Integrating sustainability into the academic realm is a priority at Emory. Currently, 59% of departments offer a sustainability-related course, and 95% of students report an increase in sustainability-related knowledge during their time at Emory.

WANT TO LEARN ABOUT SUSTAINABILITY?

OXFORD FARM RELATED COURSES

Oxford Farm functions both as a source of healthy food and as a living laboratory. Work with the farm is incorporated into courses in sociology, biology, philosophy, environmental science, and wellness. Don't miss an opportunity for hands-on learning through organic food production.

DISCOVER MORE SUSTAINABILITY COURSES

Explore courses across disciplines at Oxford, such as IDS255: Social Science and Sustainability, HSC248: Sociology of Sustainability, SNT229: Meteorology and Climatology with Lab, HSC255: Global Political Economy and Sustainability, and more.

ATLANTA CAMPUS MINORS & CONCENTRATIONS

The Atlanta campus offers a Sustainability Interdisciplinary Minor, Sustainability Sciences Minor, and a Concentration in Environmental Management through the Goizueta Business School. Consider taking courses at Oxford that can contribute to one of these minors or the concentration.

GET INVOLVED

OXFORD STUDENT SUSTAINABILITY CLUBS

Connect with other passionate students by engaging with sustainability-oriented groups such as the Oxford Chapter of the Climate Reality Project and the affiliated Environmental Consulting committee and Oxford Food Recovery Network.

BECOME A ZERO WASTE AMBASSADOR

Join Emory community members who are actively promoting a campus culture that prioritizes reducing and diverting waste. Emory may see more disposables and PPE this year, so peer-to-peer waste education is more critical than ever.

SUSTAINABILITY AND SOCIAL JUSTICE INCENTIVES FUND

Have an idea for enhancing sustainability programs, projects, research or infrastructure at Oxford? Apply for an Incentives Fund grant & receive up to \$3,000.

OXFORD STUDENT GOVERNMENT ASSOCIATION STUDENT LIVING COMMITTEE

Advocate for healthy and sustainable campus policies through the SGA Sustainability Committee, which falls under the larger Student Living Committee.

REGIONAL CENTRE OF EXPERTISE ON EDUCATION FOR SUSTAINABLE DEVELOPMENT

Emory is a leader of the RCE, a network committed to advancing the United Nations Sustainable Development Goals. [Join the RCE today.](#)

CERTIFIED SUSTAINABLE EVENTS

Participating in the Sustainable Events Certification program provides access to guidance on sustainable event planning, recognition for your efforts, and an opportunity to win a \$100 Emory Catering gift card each year!

EMORY VOTES INITIATIVE

Emory Votes Initiative supports, informs, and empowers voters in the Emory community! Visit their website to learn more about the 2021 and 2022 local and national elections and to get important voter registration information!
